#3 Educare Human Capital

Since its inception in 2004, Educare Human Capital (EHC) Private Limited has been providing Human Resource (HR) solutions to the schools, as well as Government and private organisations, especially within the Education industry.

It all started from the proposal in August 2004 by the Singapore Teachers' Union (STU) to Ministry of Education of Singapore (MOE) to ease the workload of teachers so that they can focus on teaching, when Educare Human Capital (EHC) Private Limited piloted and implemented the Teacher Assistant Scheme. The scheme aimed to elevate teaching and teachers' lives through the recruitment and management of TAs, as they assist the teachers administratively and operationally. The success of the scheme has since made EHC one of the most credible education manpower service providers amongst others, where it has been trusted with staffing within the realms of administration, ICT, laboratories, sports coaching and even management of the schools.

Today, EHC serves more than 200 Singapore schools, presenting itself as one of the principal Education Human Resource solutions providers in Singapore.
