## #1 Pathlight School

Pathlight School is Singapore's first autism-focused school to offer a blend of national curriculum leading to PSLE, GCE O and N-Level certifications, and life readiness skills for students on the autism spectrum. The school established by Autism Resource Centre (Singapore) started operations in 2004 with just 41 students. Today, it has close to 2000 students and is one of the fastest growing special education schools in Singapore.

Pathlight School caters to students who are cognitively able to access the mainstream national academic curriculum but require additional support, special accommodations and teaching staff trained in autism.
